

TECHNICAL DATA SHEET

GREEN STAR SEALER

DESCRIPTION

Rockstar GREEN STAR SEALER is a water-based penetrating sealer formulated for use on a wide variety of natural stones such as Marble, Limestone and Terrazzo.

USES

GREEN STAR SEALER will protect against the ingress of oil and water borne staining substances. Excellent for use in food environments and where solvent based sealers cannot be used.

BENEFITS

- Environmentally friendly with no VOC content
- Does not change the appearance of the treated surface
- Durable and highly water and stain resistant
- Does not inhibit the water-vapour permeability

PROPERTIES

Appearance and colour.....	Amber Liquid
pH.....	7-8
Specific Gravity (Water = 1).....	1 g/ml
Boiling Point.....	100°C
Solubility in Water.....	Miscible
Flash Point.....	Non flammable
VOC Content.....	0 gm/Lt

APPLICATION INSTRUCTIONS

1. Always test sealer on a sample tile or in an inconspicuous area
2. Ensure the surface to be sealed is clean, dry and free of any oils and other surface contaminants.
3. Apply GREEN STAR SEALER using a lambswool applicator. Apply 2 coats wet on wet. ie North South application followed immediately by the second coat in the East West direction
4. Low pressure hand pump sprayer can be used in outdoors applications
5. Do not allow the sealer to pool on the surface. Wipe excess off after 20 min

COVERAGE

Coverage is dependent on the permeability of the surface and is in the range of 6-15 Mt² per litre..

PRECAUTIONS

1. Do not allow pools of liquid GREEN STAR SEALER to dry on the surface as a resin will develop on the surface that is difficult to remove.
2. Follow good industrial hygiene practices when using this product. Avoid contact with skin and eyes by wearing suitable protective gloves and eyewear.

CLEANING

Clean all equipment in water.

PACKAGING

GREEN STAR SEALER is available in 1, 5 and 20 litre packs.

STORAGE

Keep container tightly closed when not in use.

Store in a cool, dry place out of reach of children.
