# Leading the way

Rockstar provides a complete sealing solution for all natural stone & tile applications.

We manufacture a comprehensive range of high performance sealers and cleaning products for natural stone and all unglazed surfaces. We specialise in stone restoration, stone polishing and stone cleaning and sealing.

Clean & Seal • Stone Restoration • Stone Polishing • Stone Repairs • Anti-Slip • Anti Graffiti • Stone Enhancing • Epoxy Coating

## MIRACLE CLEANER

- Removes built up dirt and grime
  - Dissolves soap scum, grease and fat
  - Suits bluestone, terrazzo, limestone, sandstone and porcelain tiles
  - Removes graffiti
- 

## NEUTRAL CLEANER

- Fully biodegradable pH neutral cleaner
  - Safe for use on all surfaces
  - Excellent daily stone, grout and tile cleaner
  - Ideal for maintaining sealed natural stone, terrazzo, sandstone and glazed ceramic tiles
- 

## LIFT OFF

- Removes cement smear, grout haze, rust and hard water stains
  - Not to be used on polished natural stone surfaces
  - Always do a sample
- 

## STONE CLEAN PLUS

- High performance alkaline cleaner
  - Removes built up dirt and grime
  - Excellent daily floor cleaner for heavy traffic areas
  - Ideal for maintaining sealed natural stone floors, bench tops, porcelain and glazed ceramic tiles
- 

## TIME SAVER

- Stops water absorption during grouting and clean up
  - Reduces salt transmission, efflorescence, mildew and grout haze
  - Durable, fast curing, and non flammable
  - Suits Natural Stone, Terrazzo and Concrete pavers.
-

## ANTI-GRAFFITI

- Offers superior protection against Graffiti
- Does not change the appearance of the surface
- Penetrating sealer
- Easy to apply

## DENSE STONE SEALER

- Solvent based sealer to penetrate dense stone
- Protects from water and salt damage
- Provides graffiti protection and stain resistance
- Suits Granite, Bluestone and Porcelain tiles

## BLUESTONE SEALER

- Solvent based penetrating sealer for bluestone and basalt
- Does not alter the appearance of the stone
- High stain resistance to water and oil based contaminants

## NATURAL FINISH STONE SEALER

- Solvent based penetrating sealer which does not alter the appearance of the stone
- Protects against water and oil based contaminants while permitting vapour and salt transmissions
- Suits marble, limestone, sandstone and concrete

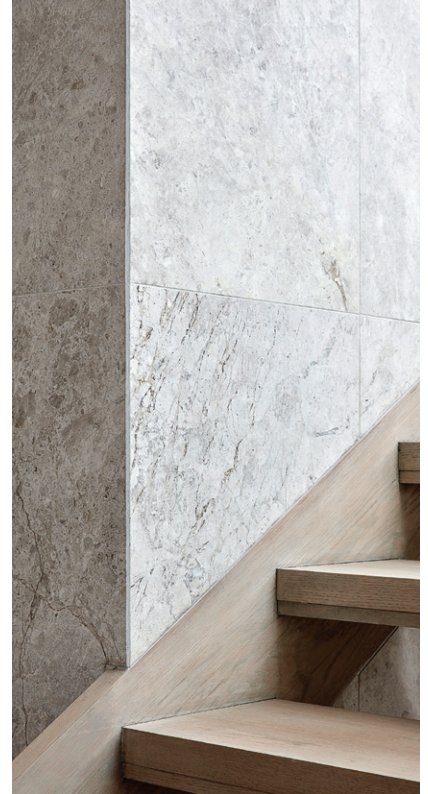

## PAVER SEAL

- Solvent based acrylic surface sealer designed to be a top coat with a wet gloss finish
- UV stable, non-yellowing, non-corrosive and fast curing
- Suits concrete pavers, pattern concrete, terracotta and other porous earthen materials

## GREEN STAR SEALER

- Preserve natural stone appearance
- Protects against graffiti, water and oil based contaminants
- Suits natural Stone, limestone, sandstone, and concrete
- VOC free

***"Rockstar Natural Finish Stone Sealer provides excellent protection against staining for the white granite. It appears to be completely protected, with no trace of any staining on the honed and sealed surface"***

ASTM International

Sealers available: 1, 5 & 20 Litre

## STONE ENHANCER

- Formulated to enrich the colour of worn, faded or damaged stone
- Penetrating and breathable sealer which enhances the colour of natural stone pavers, tiles, concrete and grout
- Suitable for indoor and outdoor use

## CONCRETE SEAL

- Protects surfaces from the spillage of oil, grease and foods.
- Environmentally friendly with low VOC content
- Gloss finish
- Excellent UV and weather resistance. Does not yellow

## SOLVENT BASED STRIPPER

- Removes Solvent based acrylic coatings, urethanes, paint, and adhesives
- Strips synthetic waxes on polished porcelain
- Penetrates quickly to soften coatings
- Apply to natural stone, concrete, slate, terracotta and porcelain

**Best Seller**

## ANTI-SLIP

- Anti-Slip treatment for natural stone, porcelain and ceramic tiles
- Provides the floor with Anti-Slip properties with minimal change to the appearance
- Permanently alters the surface of the tile
- Easy to apply

Seal with Natural FSS or Greenstar Sealer  
Maintain with Neutral Cleaner
